SINAI PEARL

Sinai Pearl is one of the natural stones extracted from the mountains of the blessed land Sinai. It's one of the limestones that are distinguished by their nice look that no one can resist.

One of the materials that is also characterized by its ability to withstand difficult climatic conditions. And live for a very long time without change.

With magical touch with antique finishes on its surface. It has several uses with pavers, gardens, swimming pools, stairs, walkways, driveways and interior floors.

SINAI PEARL

Galala

Galala is the most stunning stone with creamy or light color that takes your heart with its texture details.

Its light beige color suggests calm and serenity when used in interior designs, characterized by the susceptibility of its surface to any finishing such as polishing and antique finishes.
